**Engineering Technology (ET), 799 W Michigan St 130A**

**Availability:** M-F, 7:00am – 11:00pm  
Sat., 7:00am – 9:00pm  
Sun., 8:00am – 9:00pm

The nursing mothers’ room in the Engineering and Technology building is a separate room located inside the women’s restroom near the east doors on the Michigan Street side. Enter the restroom and approach the room with the yellow door (130A). Enter the code 1156#. Slide the sign that is on the right side of the door and/or move the sign that hangs on the inside of the door to the outside of the door, so that other nursing mothers will know the room is occupied. After you’re done, move the sign back to the inside knob, slide back the sign outside the door, turn off the lights and make sure the room is locked.

The room has a vinyl love seat, lockers (bring your own lock, put a label with your first name and initial on the back of the lock and let me know which locker you’re using), paper towels, a trash can, a coat rack, sanitizing wipes, two small tables and a bulletin board (on which you can post your baby’s photo). We reserve the right to remove the lock/contents of the locker if we don’t have a current user’s agreement on file.

There is a baby changing station near the sinks in the restroom.  
If the room is in need of cleaning or supplies, contact Charlotte Mahin at 274-8932.
